

K-Love is a non-threatening way to teach people about Jesus, and to spread the good news about Jesus Christ. Sometimes when I feel that I am struggling in my own life, I can listen to K-Love and God has a "perfect" way of playing the right song, that will touch my heart and help guide me. Do you really want to take that gift away? K-Love spreads a message that makes our community more loving and a LPFM station might take that away and we don't want that. K-Love serves the public interest by giving us a choice. A choice to listen to good news, a great Christian Message, and to spread the word of God to others by listening to the radio. Many times, when people ride in my car, they wonder what I am listening to. When I share, they want to listen too so their kids will have a morally responsible song list to sing to, and dance to. All this by sharing the word of Jesus. PLEASE don't replace K-Love with a LPFM station. K-Love belongs to us, the listeners and ultimately, belongs to God.
